

Yep, that's right. The complete first season of Boardwalk Empire is now available in 720p HD for download on Google Play, and it only costs \$4.99! In this 13-episode drama series set in the 1920s and based on historical events, Emmy Award winner Steve Buscemi plays Enoch "Nucky" Thompson (based loosely on the real-life person of the same name), a career politician with a criminal past who runs Atlantic City and commits federal crimes as he ruthlessly builds his own empire over prohibition. Whether you've watched Season 1 on TV or haven't seen it at all, this is a good opportunity to get caught up and watch the series in HD on your computer. So, if you're interested in seeing what all the fuss is about and would like to get your hands on this Emmy-nominated series before everyone else:

Season 2 plot: Nucky returns home in disgrace after a violent encounter in a brothel in Chicago, where he is imprisoned with a powerful mobster named Luciano. Luciano is out to get revenge on Nucky for having beaten him nearly to death the year before, and he says he will try to have Nucky's faithful lieutenant Arnold Rothstein killed. The rest of the season is dedicated to Nucky's plan to get revenge on Luciano for his accusations, which include a murder and a kidnapping. The second season premiered on HBO on November 1, 2011. It ended its run on December 13, 2011. The season finale was made available as a free download from Google Play as a tie-in with the actual release of the episode. Season 3 plot: The third season picks up one year after the end of season two. Nucky Thompson has been tried and convicted of federal charges for his role in a prohibition-related massacre, and the series follows his life in a New York prison. At first, he is ruled by fear that others might learn about his guilt, but he eventually adopts an attitude of acceptance towards his circumstances.
